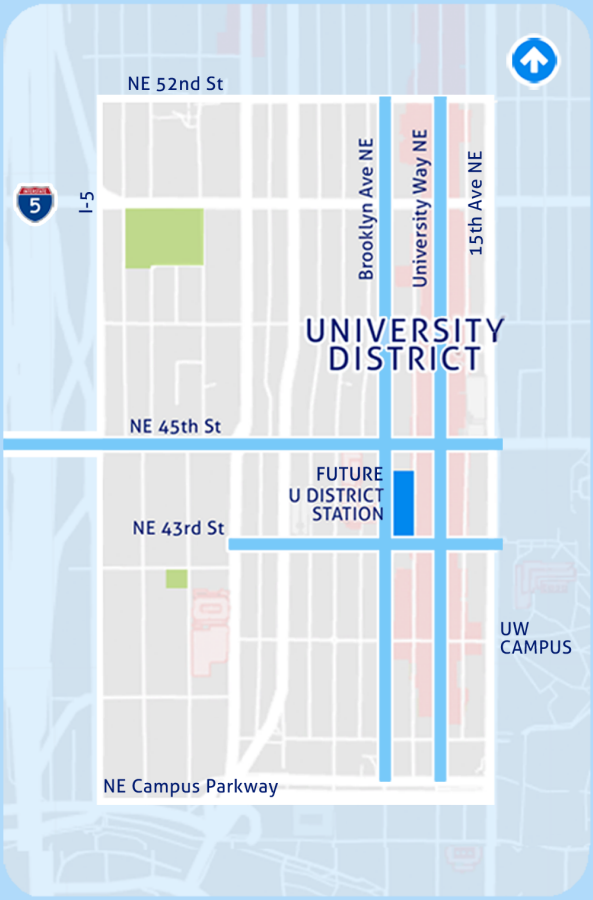
U District Station Area Mobility Plan

COMMUNITY WORKSHOP 1

The **U District** is one of the busiest multi-modal transportation hubs in the region for pedestrians, bicycles, transit, cars and freight...and it's about to see major changes with Sound Transit's U District Station opening in 2021 and new buildings popping up.

Come join our **community-driven** effort to advocate for a quality transportation experience around the future station.



Tell us what you think and share ideas:

What are the major challenges to getting around the study area?

What are the biggest opportunities to make a great transportation experience?

How do we prioritize potential projects to advocate for to the city and agencies?

Next Workshops in the Series

Community Workshop 2
April 3rd at 5pm

Community Workshop 3
May 30th at 5pm

Funding provided by the Neighborhood Matching Fund from the Seattle Department of Neighborhoods.

March 7th at **5-7:30pm**
